

PRENATAL- POSTPARTUM HOME VISITING PROGRAM

AABC is now recruiting families to participate in our **FREE** home visiting program. This program provides home visits / hybrid telehealth services from our certified health educators. This program is available to Black and Native expectant mothers and parenting families in Ramsey County with children under the age of one.

HOME VISITING WILL SUPPORT ME TO

- Have a healthy pregnancy and a healthy baby
- Build a strong network of support
- Learn about childbirth, newborn care, child development, family planning and parenting
- Get referrals for healthcare and other support services available in my community
